

Lifting & Hoisting

Girder Trolleys

Stainless Steel Geared Girder Trolley

Ideal for lifting applications in humid and acidic environments, this rugged lightweight industrial grade geared girder trolley is made from 304 grade stainless steel for optimal rust and corrosion resistance. Designed to facilitate the horizontal traverse of a hoist along a girder, and with built in side plates and trolley wheel guards, this trolley provides optimal user safety whilst meeting the most demanding lifting applications.

Capacity:
1.0t to 5.0t

Applications:
Food Industry, Manufacturing, Marine, Mining,
Pharmaceutical Production.

Complies with:
AS/NZS1418

Product Features

- Anti-derailment side plates.
- 304 grade stainless steel construction.
- Suitable for use with a manual or powered hoist.
- Independent hanger for attachment of chain blocks.
- Precision sealed machine ball bearing trolley wheels.
