

Lifting & Hoisting

Chain Blocks

Stainless Steel Chain Block

This lightweight, robust 304 stainless steel chain block is ideal for food grade manufacturing and corrosive environments. Versatile and compact, this chain block provides maximum lift and is perfect for low headroom applications where heavy lifting is required.

Capacity:
1.0t to 3.0t

Applications:
Construction, Manufacturing, Marine.

Complies with:
AS/NZS1418

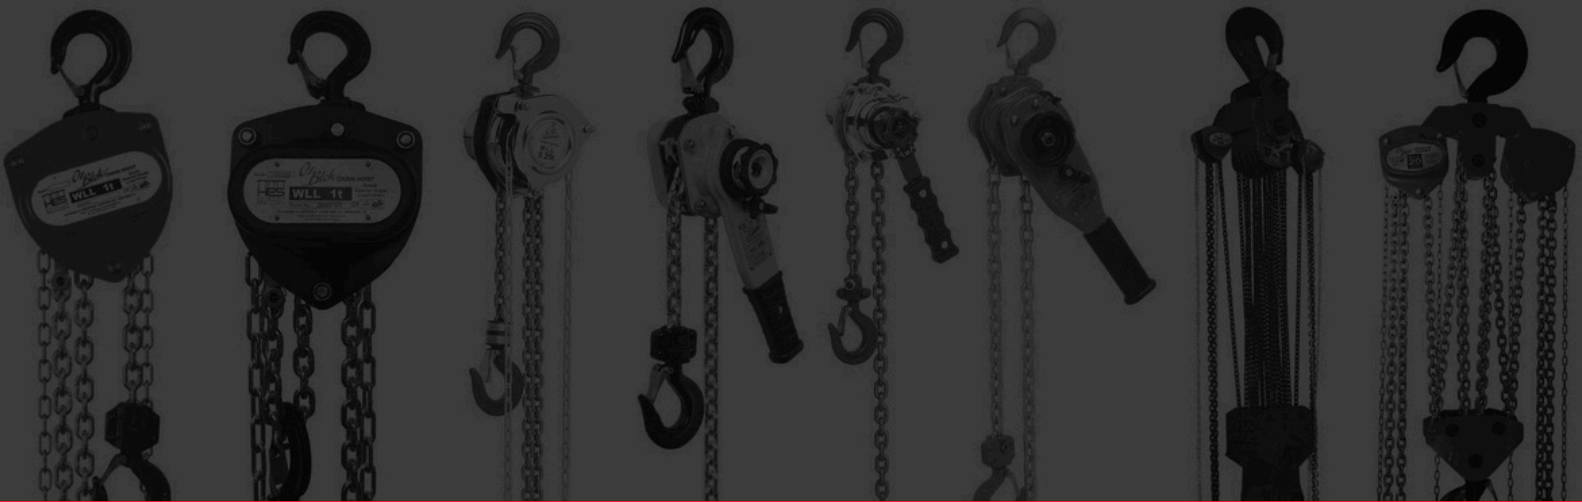

Product Features

- Fully enclosed gear train.
- Fully machined lift wheel, supported by needle roller bearings.
- Weather protected automatic Weston brake with unique Twin Pawls.
- Forged stainless steel lower hook complete with thrust bearing.
- All exposed components are constructed with 304 stainless steel, including stainless steel hand chain and load chain.
